OFFICE OF
THE DIRECTOR

JUL 6 1962

MEMORANDUM TO McGEORGE BUNDY ←

THE WHITE HOUSE

Attached is a Memorandum to the President which gives in somewhat more detail our reasons for differing with the conclusions of some of the other members of the group on Satellite Reconnaissance Policy.

We will expect to present these reasons in the meeting on this subject but felt that you would like to have this in advance for any appropriate use. The other members of the Committee have been furnished copies of it.

W.C.F.

William C. Foster
